

Hakim Shujaaee

Digital Designer

+ My Work Experience

Motion Designer

The APS Group, Cheadle (September 2023 - Present)

- Developed high-quality motion graphics, animation and visual content for digital campaigns and social media.
- Managed the full video production process from concept development and storyboarding through to filming, editing, colour grading, sound design and final delivery across multiple formats and platforms.
- Produced character animation, explainer videos, motion typography and animated graphics, creating engaging visual narratives tailored to different audiences and brand requirements.
- Utilised AI generation tools and emerging technologies to develop visual concepts, generate creative assets and enhance existing motion design workflows and production processes.

Digital Graphic Designer

Happy Creative, Blackpool (August 2012 - August 2023)

- Led the whole video production process from pre-production, on-site filming, lighting, audio, post-production editing, colour correction and exporting for various formats and social media platforms.
- Responsible for introducing and overseeing the studio's animation and motion design service. Produced high quality character animation and motion typography.
